

**Dear Patient,**

**Your medication – Metformin Modified Release Tablets**

This practice constantly reviews repeat prescriptions to make sure that our patients receive safe and effective treatments, which also provides good value for the NHS.

We are pleased to say that we have now reviewed and updated your medication.

Your prescription for Metformin Modified Release tablets will be changed to either Suktarto SR or Yaltormin SR tablets . This is a more cost-effective option. **Suktarto SR and Yaltormin SR** tablets contain the same active ingredients and strength as Metformin Modified Release Tablets, therefore there is no change to your treatment or dose.

You are currently prescribed: Metformin Modified Release tablets

You will now be prescribed: Either Suktarto SR or Yaltormin SR Tablets

Please continue to use supplies of your current metformin tablets until you have used them up and then change to Suktarto SR or Yaltormin SR Tablets when you next request your medication

We do not anticipate that you will experience any problems with your new medication.

If you would like to discuss these changes , get additional advice, or if you have any queries please do not hesitate to speak to your GP by 18.10.2019 or the changes will happen automatically

Thank you for your co-operation in this matter.

Yours sincerely,

Dr Manish Patel & Dr Khatanji Odedra
